

Caffè Craze™

Caffè Craze can bring an espresso bar to your next party! We will skillfully prepare a complete menu of **delicious Espresso and Cappuccino drinks** made with Italian espresso. We offer flavored syrups such as; caramel, vanilla and hazelnut plus chocolate curls and fresh *lemon zest* (for the true "espresso" lover). Beverages for the non-coffee drinker include **Hot Chocolate**, a wide selection of **Premium Loose Tea** and our own delicious, hand-crafted **Chai**.

When summer arrives we offer **Iced Latte or Chai**, freshly made **Iced Coffee** (gourmet brewed using locally roasted beans), and blender drinks including **Fresh Fruit Smoothies, Coffee and Chai Frappés**.

The engagements we serve range from private parties and wedding events to business meetings and open houses. No event is too small or too large

Caffè Craze will arrive, set up, serve, and clean up with absolutely no worry to you.

We can even set up in advance and return later, at an appointed time, to open our espresso/cappuccino station to begin serving guests.

An 8' table is ideal for service. We recommend that our clients provide table coverings and cups of their choosing as well as decorations if desired. Our machines are professional and self-contained. For power they require a basic 110v electrical outlet, ideally on its own circuit.
